## **General Rules for the Students:**

The objectives of JIS Group Educational Institutions include the development of maturity in moral and social behavior as well as the cultivation of intellectual excellence. Social and moral attitudes and behavior have a great influence upon the intellectual quality of the College; most especially, the patterns set by the students as a group create a major portion of the environment within which each as an individual, as well as each member of the faculty and administration, lives and works.

Restrictions and regulations have been kept at a minimum consistent for the welfare of individuals and of the community. Responsible behavior is set forth as a challenge and as an opportunity. That is, while the College does not force students into conformity, it does not believe that students should be left entirely on their own to set standards of behavior and to develop self-discipline.

At college, a student is in transition from the relative rigidity of home or preparatory school to the independence and responsibility of adulthood. To leave the moral and social standards of college life entirely to the influence of student peer groups is to insure the danger that adult standards will be unrepresented. Too frequently it is immature and antisocial acts that are the most visible to impressionable students seeking models and standards, however atypical such acts may be.

It is with this latter point in mind that JIS Group Educational Institutions affirms basic standards of behavior that cannot be disregarded with impunity. Any behavior which seriously affects the academic performance of the student or of fellow students, which offends the sensibilities of others (whether students, faculty members, or visitors), or which causes damage to the property of the College or of individuals will result in disciplinary action. JIS Group Educational Institutions students are required at all times to show due respect and courtesy; and vulgar behavior, obscene language, or disorderly conduct are not tolerated. Acceptance of such a code reflects a mature understanding of social freedom.

The rules and procedures mentioned in the following pages pertain to all our institutes if not any other Rule Book has been issued by that particular Institutions.

### **1. ACADEMICS, EXAMINATIONS & EVALUATION POLICIES**

As mentioned in the Academic Regulations.

### **2. PROMOTION POLICY**

However any institute can follow a different semester/academic year pattern with due approval from the affiliating university.

Every student shall be liable to pay the whole fees for each semester as long as his/her name is on the rolls of the college, before the commencement of the semester/year.

The fees should be paid on the date indicated in the College Fees Book and may time to time be mentioned at College/Institute Notice Board.
