UNIQUE

NEWSLETTER

DECEMBER- 2017

JIS College of Engineering
(An Autonomous institute)
Department of Computer Science & Engineering

UNIQUE

FROM THE HOD'S DESK.....

Warm Greetings and welcome to the Computer Science & Engineering Department in JIS College of Engineering. Computer Science & Engineering is one of the leading Departments in JISCE, providing high technology-oriented programs to meet today's needs of young minds, a department with all dedicated faculties and staffs to impart knowledge on various fields including recent trends in technologies helping students to take on any problem.

The curriculum is good enough for employment in various sectors. The persistent vision of CSE department is to divulge knowledge with high sense of integrity and commitment to the tasks, intended to promote the all -round development and well being of humanity as a whole.

Amrut Ranjan Jena
HOD, Dept. of CSE.

Vision

The Computer Science and Engineering Department at JIS College of Engineering will be a leader in computing innovation through excellence in undergraduate and graduate education, active research programs and the dissemination of knowledge. The Department will leverage both the international and interdisciplinary nature of computing.

Mission

The Department's mission is to provide students and faculty with an open environment that encourage professional and personal growth. The academic programs mission is that to prepare students for flexible career paths and continuing advancement in computing. The students are motivated and encouraged to build a successful careers in the computing professions through flexible programs of study that can be adapted to support individual career goals.

MESSAGE FROM FACULTIES.....

The future of Computing rests here. The department's mission is to advance, evolve and enhance Computer Science and Engineering fundamentals to build the intellectual capital of the society. The study of computer science and engineering are now essential to success in the current information society. In our Department, we have adequate Infrastructure for computing lab. Our faculty members commit themselves to teaching and being available to mentor you throughout your stay in the department. Researchers in this field may study the design and production of high-performance computing Techniques, and application software, and apply these tools across the entire industry. We are very sure that a student will enjoy his learning in the department as much as we enjoy teaching.

Dr. Souvik Pal

Assistant Professor, Dept. of CSE

Computer Science and Engineering is an essence of today's world. Being a faculty of Department of Computer Science and Engineering, I welcome to all my students, colleagues and staffs. We are the most vibrant department in the institution in terms of students, faculties, facilities, placements and research grants. Here, in the department, we are continuously making effort to impart cutting edge knowledge and technologies. I wish to all my students, my department and my Institution a great future.

Ms. Madhusmita Mishra

Assistant Professor, Dept. of CSE

JIS College of engineering is a great place to learn and research. Computer Science & Engineering department provides different laboratory such as Network Lab, Operational Research Lab, Advanced Database Systems Lab, Computer Architecture Lab, Web Technology Lab and many more with high speed internet facility. The department takes initiative to organize different seminar and workshop for different computer field. The department also takes initiative to improve the quality of the students so that they can face the competition in the corporate world confidently. My best wishes to all the students of Computer Science and Engineering Department.

Mr. Apurba Paul

Assistant Professor, Dept. of CSE

JIS College of Engineering, Kalyani is an autonomous institute. The faculty members of Computer Science & Engineering Department of JISCE are well-experienced, active, enthusiastic, energetic and friendly to their students. All the students are very much encouraged to make their career smooth and glorious. All faculty members are engaged for teaching the students as well as in their research work. Our department is motivated and helpful to bring success to the students. I wish all the members, stakeholders, students and faculties concerned with the CSE department, health, good luck and best wishes for the future.

Ms. Ira Nath

Assistant Professor, Dept. of CSE

The JIS College of engineering, Kalyani is an autonomous engineering institution that provides a great platform for the outcome based education as well as meticulous research works. The department of Computer Science and Engineering mainly focuses on the outcome based education, achieving the Engineering Graduate Attributes, regular students' feedback, emphasizing Fundamental/core concepts and practical applications, IT skill development, personality and communication skill development, values and ethics, industry placements, programming contests, participation in national & international contests, projects, training, workshops, seminars, students' counseling, intensive laboratory sessions on Programming, Multimedia & Graphics, Internet technologies, Databases, Networking, Operating Systems, Computer Organization and Architecture etc., Ph. D. level research guidance, Filing of patents and copyrights, Assistance for academic placements and Co-curricular and Extra-curricular activities. Below are the salient features of the department of Computer Science and Engineering:

- ✓ Highly experienced and affectionate teachers with qualifications from well recognized institutions
- ✓ Interactive Teaching-Learning
- ✓ Systems with latest configuration in Laboratories
- ✓ Spacious and well lit Flip and traditional classrooms
- ✓ Uninterrupted Power Supply
- ✓ R&D on mobile & internet technology, image and multimedia processing, artificial intelligence and optimization, networking and security etc.
- ✓ Publications in prestigious international and national journals and conferences.

Dr. Bikramjit Sarkar

Associate Professor, Dept. of CSE

Computer Science and Engineering Department of JIS College of Engineering has given me many memories to cherish for, throughout my lifetime. This is the place where I honed my teaching skills, became interested in research, made some of my best friends and learned to take the level and quality of technical education higher, each passing day. The working atmosphere of this department is electric, where every faculty expertise in specific skill sets.

Dr. Dharmpal Singh
Associate Professor, Dept. of CSE

FROM EDITOR'S DESK...

It is our immense pleasure to work on this edition, included in the words from our HOD/CSE Prof. Amrut Ranjan Jena and senior faculties. It also highlights events, workshop, seminars, publications, achievement and many more. In this edition, we have tried to capture last few months excitement and activities. We have also included the achievement of the students and faculty members from the CSE department in curricular, co-curricular and Extra-curricular activities. I sincerely hope that this edition makes for an interesting read.

Mr. Sumanta Chatterjee
Assistant Professor, Dept. of CSE

WORKSHOP/SEMINAR ORGANIZED:**WORKSHOP ON PYTHON PROGRAMMING (PP-2017)**

One day workshop on **Python Programming “PP-2017”** has been organized by JIS College of Engineering, on 28th day of October, 2017 at Kalyani. This **Workshop** was aimed to cover technological aspect of Python programming in different domain of computer application. The department of Computer Science & Engineering has organized the workshop under the guidance of Mr. Amrut Ranjan Jena, Head, Department of Computer Science and Engineering.

Mrs. Madhusmita Mishra and Dr Dharmpal Singh were departmental convener and co-convener of the aforesaid event. All the remaining faculty of the department were organizing committee with their assigned sub duty.

Moreover, more than 70, 3rd & 2nd Year student of department of computer Science & Engineering were participated in the aforesaid workshop with their great zeal and zest.

The presence of Mr Rajan Chettri (Senior Trainer), Rajesh kumar (Trainer) and Mr. Brijesh Kumar (Training Manager) of Aspirevision Tech Education Pvt Ltd. make the seminar more elegant and enhance the knowledge of student in the field o f Python Programming.

One Day Workshop on Big Data Hadoop”, on 18th November, 2017(Saturday) Organized by Department of Computer Science and Engineering, JIS College of Engineering

Topic: One Day Workshop on Big Data Hadoop.

Objective: To enhance the knowledge of recent advancement in the field of Big Data Hadoop by which UG & PG Engineering students and researcher would be able to follow a proper research guideline.

Invited Experts:

❖ Mr. Rajmohan De Sarkar, more than 10 years Industry experiences, Senior Consultant Wipro Technologies, Cognizent Technology Solutions, Tech Mahindra etc. He is an expert in Big Data Hadoop and Java Technology.

Participants: More than 85 students have been participated in the workshop.

Brief Report:

As a part of the Student and Faculty development initiatives, One Day Workshop on Big Data Hadoop was organized on 18th November, 2017 by the Department of Computer Science and Engineering, JIS College of Engineering, Kalyani. The convenor and co-convenor of the workshop were Mrs. Ira Nath and Mrs. Pranati Rakshit, Assistant Professor of CSE Department, JISCE respectively. The entire program was enriched by the presence of our Principal Sir, Dr. Maloy Kumar Dave and the invited speakers Mr. Rajmohan De Sarkar, Senior Consultant Wipro Technologies, Cognizent Technology Solutions, Tech Mahindra etc. More than 85 students have been participated in the seminar. The session was delivered by Mr. Rajmohan De Sarkar and his subject of deliberation was Big Data Hadoop. The implementation part of the hands-on workshop was done by the participants with the help of Mr. Rajmohan De Sarkar and his expert team. In the valedictory session all the participants and organizing committee members are facilitated by certificates and vote of thanks was given by the convenor.

Outcome:

- i) Students at UG & PG level were highlighted by the prospects in the emerging field of Big Data Hadoop and their applications.
- ii) There were immense interest about the field covered by the workshop and general feedback was to arrange similar event once more.

MENTORSHIP ACTIVITIES:

Computer Science and Engineering Department has scheduled weekly once Mentor-meet for Forth and third year students, and weekly twice for First and Second year students.

Mentor activities

- Discuss mentee's expectations of one another
- Identify an article or book that a mentor feel would be beneficial for the mentee to read.
- Ask the mentee about the professional development activities he/she has participated in as a student.
- Ask the mentee to create a vision for where he/she wants to be in five, ten and/or fifteen years.
- Encourage the mentee to get involved in an appropriate professional organization
- Share resources. Consider and collect any resources that might be useful to the mentee.

Mentor Program Outcome

- Increasing the engagement of students through interactions with a mentor,
- Assisting students in developing a mentoring relationship for career development in an effort to increase knowledge, skills, and competencies that may be needed for future job duties or future career advancement.
- Provide an avenue to access available resources and information to support lateral or upward mobility.
- Student development and engagement - engaging students through professional and personal development;
- Aligns with Talent Management Initiative

NPTEL REPORT:**Achievements in July-Sept 2017 Session**

Following candidates successfully passed the NPTEL Online Certification Examination and many of them placed in Elite/Elite Gold category from JIS College of Engineering for July-Sept, 2017 Session. Wish them all the best for their future work!!!

STUDENT'S CORNER:

I am Prateek Das, a 3rd year student of CSE department. Education is the most amazing thing that can change the world. That is best thing we the students get by our department. It's a place of knowledge & bliss. I love the way, in which I am taught by the department. For our benefit the department of CSE has adopted a new way to emphasis the basic teaching procedure called the Flipped Learning Process. It has made a huge change in the learning process in our department. They listen to our ideas, and help to make it successful. I am very glad to be a part of CSE department of this college. I dedicate my success to the beloved faculty our department who guide me in every way possible.

Prateek Das (3rd Year, CSE)

The Computer Science and Engineering department is the best department in our college. Our department consists of highly qualified teachers. The department is very much cooperative and directs the students towards various curriculum activities. They majorly try to make every student achieve various goals and they also guide us with their required help and support. Lastly, would say that I am truly thankful to our supportive CSE Department.

Meghna Verma (2nd Year, CSE)

My experience being in this college under the department of Computer Science and Engineering has been thoroughly marvelous. Our teachers make sure to guide us in the right way. Each of our lectures are enriching. The teachers do their best to solve our problems. The cooperation and unity within our department is commendable. Right from the moment we had stepped into the college, our department has done every bit to make us feel comfortable. Our teachers make sure to reach out to us students personally and take our feedback. All of us are assigned mentors, who make sure that none of us are facing any problems, and they push us to do our best. Altogether, college days have been enlightening and inspiring and our department is to praise.

Nuzhat Shamim (2nd Year, CSE)

I am Sayan De, a 2nd year student of CSE department. Education is the most wonderful thing which can change the world. And this is what we all students are taught beautifully by our department. I love the way, they are teaching us. Our department has adopted a new way to emphasize the basic teaching process called the Flipped Learning Process. It has made huge change in the learning process in our department. They listen to our ideas, and help to make it successful. In every way possible they help us to concentrate on our studies. I am very glad to be a part of CSE department of this college.

Sayan Dey (3rd Year ,CSE)

Computer Science and Engineering, as the name suggest, to deals with the information technology, development in the world of Information technology, Innovative ideas, new and smart concept, moving with the latest trends in technology , programming language, how to code, even smart coding and many more environment that are created by computer science and engineering.. With all the provision of various computing platform facilities, CSE Dept. always creates an inspiring environment, that has always been motivating among the aspiring student. Respected HOD Sir, Faculty members, all Staffs of the Department always have given the best for nurturing the future of the students in the world of technology. Seminar ,Mentorship, Research and Publication, TechFest and so many opportunities that do provide CSE Department.CSE dept. always looks after each and every student, deals with them ,analyze the mistake, helps to resolve it, and not only as in the form of teacher, but also as a good mentor, supervisor and a good friend. As not only being a CSE student, I consider CSE as a best Department, but also the motivating environment, the cooperating faculty members and HOD sir, and excellent offering of each and every facilities has proved CSE department, the Best Department.

Anjali Gupta (4th year ,CSE)

Department of Computer Science & Engineering of JIS College of Engineering is very nice. All the faculty members of this department are highly qualified and co-operative. They provide tremendous support to students. They keep update students with seminars, conference presentations, tech fest and many more from time to time. Innovative projects are also prepared with their support in each semester which build the developing skills among students.

Rup Saha (3rd Year CSE)

Alumni Speaks:

Thank you CSE Dept., JISCE, to help me open my eyes and see the professional world. I take great pride to say, that whatever I am today, CSE Dept of JISCE has played a major role to enrich my technical skills, and gave me the courage to explore different dimensions into this field. I give all credit to the erudite faculty for the professional enrichment of so many students like me.

Krishnayan Gupta (Software Developer, Amazon India)

I'm Aurgha, currently studying M.tech in Computer Engg and application in Rajabazar science college. I would like to Share my thoughts about this wonderful dept where i completed my B.Tech. My department & my teachers/mentors have been very helpful and have always provided me support through all means throughout these 4 years . Each faculty present in this department have immense knowledge and experience and have always guided us towards the right direction.

Arggha Nandi (M.Tech Student, Calcutta University)

Computer Science & Engineering is one of the major departments of technology since the establishment of this institution. It comprises adequate members with exceptional skills and expertise in the allied areas of technologies. Our faculties are very cooperative and obliging, it's our honor to get a prospect to be trained by them. It has well developed lab with all the requisite equipment. I am really very propitious and delighted to state that I am a part of this department and the Organization.

Archisman Chakraborty (Software Developer, Zensar Technologies)

Mr. Amrut Ranjan Jena,
HOD/CSE

Mr .Sumanta Chatterjee,
Asst. Professor/CSE

Mr. Apurba Paul
Asst .Professor/CSE
