

## ::Facilities for Physically Challenged Students (PCS)::

With the implementation of appropriate and measurable infrastructure JIS College of Engineering provide the facility for Physically Challenged Students. The ramp arrangement exists at different stair place in college premises and hostel. The elevator arrangement is one of the significant contributions for our Physically Challenged Students (PCS). The special washroom and toilets are present in campus for Physically Challenged Students and visitors. Examination time special rooms have been allocated for Physically Challenged Students. The wheelchair arrangements available for lower amputee or lower limb defected students and visitors. Most significantly, there are several projects conducted related to facility creation of Physically Challenged Persons and Students.
